

## **WPSA Train the Trainer — 8:30 a.m. to 4:30 p.m. Nov. 10, 2017**

**MILWAUKEE CENTER FOR INDEPENDENCE**

2020 W. Wells St.

Milwaukee, WI 53233

Lower Level Training Center

**8:30 a.m. to 9 a.m. — Registration**

**9 a.m. to 12:30 — Alzheimers, Dementia Memory Care**

This evidence-based dementia training was developed in partnership with the Alzheimer's Association of Southeastern Wisconsin and WPSA to meet the growing need for this type of training.

Training is available to RNs, LPNs, CNAs, or other agency staff who have experience with providing personal care skills to persons with disabilities, the elderly in the home and a desire to instruct direct care workers about caring for persons with Dementia and/or Alzheimers.

Benefits:

- You will leave as a certified Alzheimers, Dementia Memory Care Trainer.
- You will be able to train your caregivers immediately and efficiently.
- Your training can be specific to individual clients, broad for a group of caregivers or one on one with a family member.
- Your caregivers will receive an Alzheimers, Dementia Memory Care certificate.
- Provides quality and retention for workers.
- Offers a modular approach, performance and results-based.
- Consumer-focused.
- Proven cost-efficiency, individualization of training.

The cost of this training program is \$115 for WPSA members and \$165 for non-members. The participant will receive the Best Practice Alzheimers, Dementia Memory Care: Communication and Managing Challenging Behaviors manual.

**12:30 to 1:00 p.m. — Lunch tickets will be provided for MCFI Café 2020 or lunch on your own**

**1 p.m. to 4:30 p.m. — DCC I - Eleven Core Competencies**

Direct Care Competencies are designed to require a demonstration and proven ability to perform a required task/verification of competency.

This training is available to RNs, LPNs, CNAs, or other agency staff who have experience with providing personal care skills to persons with disabilities and the elderly in the home.

Benefits:

- You will leave as a certified DCC I Trainer.
- You will be able to train your caregivers immediately and efficiently.
- Your caregivers will receive a DCC I certificate.
- Provides quality and retention for workers.
- Offers a modular approach, performance and results-based.
- Consumer-focused.
- Proven cost-efficiency, individualization of training.

The cost of this training is \$150 for WPSA members and \$250 for non-members. Participants will receive a DCC I Best Practice Assessment and Training Manual.
